BUILDING FUTURES

AN EVENT TO BENEFIT THE NEW CONSTRUCTION TRAINING CENTER

SATURDAY, SEPT 23, 2023 4PM-7PM

SANTA ROSA
JUNIOR COLLEGE
FOUNDATION
Petaluma Campus Trust

SRJC 1918

PETALUMA
CAMPUS

Monty Sullivan,
Chair of the Friends
of Petaluma Campus

WE INVITE YOU TO SUPPORT STUDENTS

We are so excited to announce the “Building Futures” event is returning on September 23, 2023 when we will get to share the amazing progress taking place for the SRJC Petaluma Construction Training Center. We hope you will plan to join us and consider sponsorship!

I am writing to you as a member of The Friends of Petaluma Campus, an ad hoc committee of the SRJC Foundation that raises funds to support the SRJC Petaluma campus. This campus serves more than 6,000 students a year, many of whom would never realize the benefits of college without the career education and transfer resources offered in Petaluma. Now, more than ever, SRJC’s commitment to providing a skilled workforce for our community is desperately needed.

Last year we hosted a beautiful evening of music, food and fun, while supporting students through our fundraising efforts of the evening. This year we hope you will plan to join us on campus Saturday, September 23rd at 4:00pm for food, wine, music and more as we celebrate the students, faculty, and programs of SRJC Petaluma. The event will be emceed by State Senate Majority Leader Mike McGuire, and hosted by KRON4’s Ken Wayne, with entertainment provided by

local band “Petty Rocks,” who will play all your Tom Petty favorites. The event will include student stories, program demonstrations for the new Construction Training Center, and time with the new Superintendent and President of Santa Rosa Junior College, Dr. Maria Angélica Garcia.

We would love to recognize you and/or your business as a sponsor of this important event. Please visit buildingfutures.us for tax-deductible donation levels and benefits, more information and registration.

Thank you for recognizing the importance of the Petaluma campus for current and future students of Santa Rosa Junior College – your support is absolutely essential.

We look forward to gathering in person to celebrate the power of philanthropy and the promise of higher education right here in our beloved Petaluma community.

- Monty Sullivan

2. Company listed in event promotional materials

(FMV \$360)

CURRENT FUNDRAISING PRIORITY

Construction Training Center

This new facility will host a variety of academic and career training programs related to the construction industry, including carpentry, HVACR, and more programs in development.

The Construction Training Center strengthens SRJC's commitment to train a local workforce to help rebuild Sonoma County, construct desperately needed housing units, and assist homeowners with repairs, remodeling, and energy efficient home upgrades. It will help create well-paying, local jobs and create more and better housing for Sonoma County.

Funds raised for the center will help ensure students have the supplies, equipment, specialized staffing, and other needs to support their success in these training programs.
